

OFFICER'S SLAYER IN SALEM, REPORT

Police Arrest One Suspect But Find No Scar On Body

Man Answering Description Of Cleveland Cop's Slayer,
Accompanied By Woman, Asks Direction To Co-
lumbiana; Police Are Notified Later.

The search for John Leonard Whitfield, alleged slayer of Patrolman Dennis Griffin of Cleveland, shifted to Salem late Tuesday afternoon with the report to police that a man and woman answering the description of Whitfield and Marie Price, the latter a companion of the alleged slayer, had passed through Salem Tuesday morning enroute eastward, and the holding of a suspect in the city jail for examination by police.

John Detwiler, this city, notified police Tuesday night that he had been accosted by a man driving an automobile Tuesday morning, the driver of the car inquiring the direction to Columbiana.

Detwiler reported to police that he directed the man over the proper route but that the identity of the driver and his woman companion did not dawn upon him until he read newspaper descriptions of the couple Tuesday evening.

Seemed Fatigued
He declared that the couple fitted the description exactly, that they seemed fatigued and that the machine had evidently been driven during the entire night as it showed the effects of a long journey.

He furnished police with an accurate description of the man and declared he was positive that the driver of the car was Whitfield.

A man said to answer the exact facial description of Whitfield was apprehended Tuesday afternoon by Officer William Bryn, Fire Chief Vincent

WHITFIELD WANTED ON MURDER CHARGE IN MEXICO REPORT

Many Tips Are Received As
To Man's Whereabouts,
But None Help.

Cleveland, May 16.—(Spl.)—John Leonard Whitfield, charged with the murder of Patrolman Dennis Griffin in Cleveland last Friday, and with the price of \$1,850 on his head, dead or alive, is wanted in Mexico on a charge of murder, according to information received by Captain of Police George Maczowicz today.

The tip came from a woman, a former companion of the alleged slayer, who said that Whitfield had told her of the story. This information, according to the police, explains why Whitfield killed Griffin when the policeman arrested him on a larceny charge.

Police believe that the suspect feared arrest on the old charge and would stop at nothing to avoid arrest and possible trial for murder.

Telegrams today were sent out to the heads of police departments in 24 cities in Virginia, West Virginia, North and South Carolina and Kentucky following receipt of information that Whitfield, with a girl companion, Marie Price, had been seen in his blue Jordan roadster, identified at Cedar Grove, near Charleston, W. Va., Sunday.

Police claim to have information today that Whitfield was the head of a gang of whisky runners that had brought thousands of dollars worth of illicit booze into Cleveland, which was distributed through bootleg channels.

Receive Many Tips
Authorities are now inclined to believe that it will only be by the use of trained and experienced "man hunters" that the alleged slayer of the patrolman can be found. "Hot tips" from local and outside sources as to Whitfield's whereabouts continue to pour into police headquarters, but thus far no clue later than Friday afternoon has been received that police consider authenticated.

A report that Whitfield in his blue Jordan roadster was seen in Cedar Grove, W. Va., Sunday afternoon was run down today, as was a report from Salem, O., that he was seen there yesterday. The Cedar Grove report, the most circumstantial thus far received, came from Mayor J. A. Quick, who said that William Walters saw the car and jotted down the license number because of the machine being from Ohio. Returning home he read of the nation-wide search for Whitfield and gave his information to the mayor who called Cleveland police.

Six In Jail Facing Intoxication Charge

Police arrested six men charged with intoxication in a wholesale clean-up Wednesday morning.

The men arrested were all in an intoxicated condition, police say, and the entire sextet is lodged at the city jail awaiting a hearing before Mayor John W. Post Wednesday evening.

Officers Kirkbride, Bryn and Gray made the arrests in the southwestern section of the city.

Description Of Man

A reward of \$1,850 has been offered for the arrest or capture of Whitfield and orders have gone out from Police Chief Jacob Grant of Cleveland that he must be taken "dead or alive." An indictment was returned Tuesday by the Cuyahoga county grand jury charging him with first degree murder and under a recently enacted law there is no mercy given a man convicted of slaying a police officer while on duty.

Cleveland police have broadcast the following description of Whitfield. Aged about 42; 5 feet, 8 inches tall, weighing about 200 pounds and of a stocky, fleshy appearance. He is dark and looks like a Mexican. His features are regular, his lips full and he bears two knife scars just below the throat.

When he left Cleveland Whitfield was accompanied by Marie Price of Fort Wayne, Ind., who is alleged to have been living with Whitfield as his wife. Police fear that he may kill her in fear of capture.

"Queen" Of Mannequins Marries American.

Arthur Kingsland, a New York man, has married Hebe, an Irish girl, "Queen" of the Paris Mannequins, and she has started a violent agitation in the heart of Molyneux, the famous French modiste, who declares his famous model was his inspiration and that she can never be replaced. Kingsland had known the beauty for several years, but the marriage came as a distinct surprise to the American colony in Paris.

MERCHANTS BACK CLEAN-UP EFFORT

Take No Action On Closing
Stores For May Day
Fete Wednesday.

The city service department will have the earnest support of the Retail Merchants board of the Chamber of Commerce in enforcing the ordinances which prohibit the scattering of garbage, rubbish, loose paper and combustible materials in the streets and alleys of Salem as the result of action Wednesday morning at a meeting of that body.

The assistance of the municipal and civic improvement committees of the chamber also will be enlisted in the war against litter, and a committee consisting of R. S. McCulloch, chairman, Solbert Greenberger, Walter L. Strain and B. Newmark, was appointed to discuss with these committees ways and means of securing other civic improvements.

The merchants present Wednesday decided to take no action as a body on the request of those in charge of the May fete to be given at Reil, and by the pupils of the public schools Wednesday afternoon, May 23, that all stores should close for the occasion. They felt the matter should be left to the decision of each individual merchant.

The secretary's report on the work of Constable Earl A. Ritchie as night watchman was commended by all present.

BERG EXONERATED AT TRIAL BEFORE LEETONIA MAYOR

Commissioner Claims Wine
Is 7 To 15 Years Old;
Case Is Dismissed.

FERREN SUMMONS
BERG FOR HEARING

Warrant Signed Following
Hearing In Leetonia
Mayor's Court.

After several dull days liquor charges against County Commissioner Conrad Berg of Leetonia resulted Tuesday in two definite developments.

While a warrant for the commissioner's arrest was being signed in East Palestine, Leetonia authorities carried out a coup of their own, arraigning Berg before Mayor Hoffman of that city and finding him not guilty of illegal possession of liquor.

An hour or two later Mayor A. W. Ferren of East Palestine telephoned Mr. Berg that he had a warrant for his arrest according to reports from that city.

"Will you come over?" the mayor said to have asked.

"Yes," the commissioner replied, the report continued. "But I'd rather not come tomorrow because I have a road meeting to take care of. How would Thursday do?"

Case Set For Thursday

The East Palestine mayor responded that that would be all right. So Commissioner Berg will be given a hearing on charges of illegal possession of liquor before Mayor Ferren some time Thursday.

Earlier in the day Commissioner Berg was the central figure in similar action at Leetonia, his home town. Charges were preferred against him by Deputy Sheriff William Groner. The commissioner was taken before Mayor Hoffman by Marshal C. J. Sullivan. Immediately after the charge was read, Berg entered a plea of not guilty. The trial followed.

Deputy Sheriff Groner was first to be sworn. He testified to what he had observed in the cellar of the Berg home when Dr. S. E. Conrad of East Palestine sealed several barrels of wine the morning of May 7. Similar testimony was offered by Marshal Sullivan. Neither witness could testify as to the quantity of liquor in the Berg cellar.

When Berg himself took the stand he testified that he had wine in his (Continued on fifth page.)

GEORGE GOULD, SR., DIES IN FRANCE

American Financier Leaves
Fortune Estimated As
\$50,000,000.

Mentone, France, May 16.—George Jay Gould, Sr., American millionaire, died today at his villa near here after a long illness. He had suffered for some time from heart weakness aggravated by a throat affliction.

Gould who was in his sixtieth year was connected with many American corporations, including the Wabash railroad, Western Union Telegraph company, Denver and Rio Grande railroad, Rio Grande Southern railroad, Manhattan Railway and Utah Fuel company.

Gould's wife had been at his bedside almost constantly.

The American financier was taken ill while traveling in Egypt. He was taken to the French Riviera where he rented a cottage near Mentone.

Gould's first wife died suddenly on the golf links in November, 1921. The following May he married Guinevere Joann Sinclair at Lakewood, N. J. Immediately afterward the couple came to Europe to make their permanent home.

Gould's fortune was estimated at \$50,000,000. There are indications that complications will result from efforts at settlement. Gould had seven children by his first wife and there have been domestic differences which portend difficulties.

Rich Pleads Guilty, Lectured By Mayor

William Rich, Jr., Superior st., entered a plea of guilty to the charge of disorderly conduct and violence, before Mayor John W. Post in police court, following the postponement of his hearing.

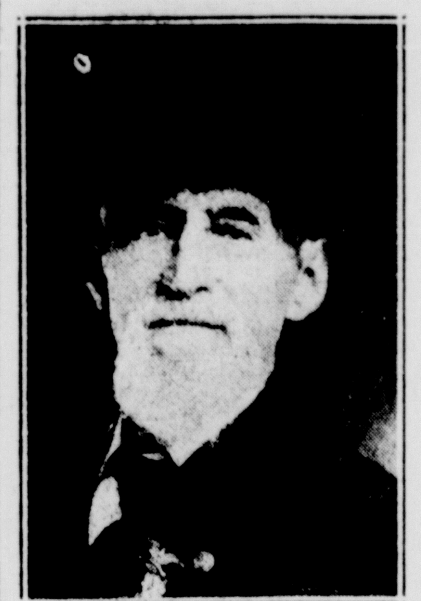

Rich was charged with having insulted a Salem girl as she was enroute to her home about two weeks ago. The girl filed an affidavit in police court and Rich pleaded not guilty, later changing his plea. He was discharged with a severe lecture by Mayor Post.

FLAG TOURNAMENT IS ARRANGED FOR SALEM GOLF CLUB

Many Contests To Feature
Memorial Day As Open-
ing Of Club.

The contest committee of the Salem Golf club met Tuesday evening to arrange for a flag tournament to be held on Memorial Day. This will be the real opening day of the season with the club and a large number of participants in the events is expected. Dr. Lee W. Atkinson is chairman of the committee which will have the events in charge.

Preliminary to the above date every member of the club will be asked to turn in his score cards to the number of five showing his actual score for 18 holes. From these scores the players' handicap will be figured.

On Memorial Day each entrant will be given a flag with his handicap and when he has played the total number of strokes indicated on his card he marks the spot where he succumbs by sticking the flag in the ground. This tournament is sometimes called a "tombstone tournament" for very obvious reasons. The man who carries his flag farthest is the winner.

In addition to the main event there will be driving, approaches, and putting contests for both men and women. Entries for all events will close on May 28. Other features are being arranged which will contribute to the enjoyment of the members.

One of the pleasant features of the day will be a basket lunch at the club house. This will make it possible for players and their families to celebrate the day together.

A paddle board handicapping system will be started with this tournament which will be followed through the season. In order to begin playing on a regular handicap basis every player is asked to cooperate by handing in score cards as soon as possible.

Railroad Freight Traffic Sets New 3 Months' Record

Washington, May 16. — Freight traffic on the railroads during the first three months of this year was the heaviest in history for that period of the year, the American Railway association announced today.

There was an increase of nearly 24 per cent in freight traffic during this period more than during the same period of last year, and an increase of 3.6 per cent over the previous high record.

Eastern railroads showed an increase of 22 per cent, southern roads an increase of 33 per cent, while western roads increased nearly 21 per cent.

Senior Class Will Present Playlet Tuesday, May 29

Clarence Schmidt, Miss Nellie Haldeman and Lloyd Loop will play the leading roles in a play entitled "Leah Kleschna," to be given by the Senior class of Salem high school Tuesday evening, May 29, at the high school auditorium.

The date of the play has been changed from Friday evening, May 25, and tickets sold for that date will be good for May 29. Seats will be reserved on May 22, as had been previously planned.

The play reveals the story of an Austrian criminal who was later reformed. Clarence Schmidt appears as the criminal while the parts of the Prob-

Sludge Beds To Be Rebuilt,
Water Meters Placed
In All Buildings.

A constructive program of legislation was mapped out by Salem city council Tuesday evening when City Solicitor L. B. Harris was authorized to prepare the necessary legislation for a number of needed improvements in the city.

Street paving, rebuilding and enlarging sludge beds at the disposal plant, installation of water meters in every home and business establishment in the city and extension of the waterworks pumping service to care for the new well drilled in last week were the more important improvements on which definite action was taken.

There is on hand about \$80,000 which can be used for street paving or other necessary improvements, according to the report given council by D. U. Smith, chairman of the finance committee.

Stressing the need of immediate action with regard to the improvements to the sludge beds, the city solons authorized the solicitor to prepare legislation for the issuance of bonds amounting to \$21,000 for rebuilding and enlarging the beds at the disposal plant. If the program originally planned is carried to a conclusion, two of these beds will be rebuilt each year for the next three years.

Will Pave Washington St.

The question of street paving resulted in a lengthy discussion by the solons. The advisability of paving Washington and Sharp sts and resurfacing Lincoln ave. led to a general discussion on street improvements.

Solicitor Harris was authorized to immediately prepare legislation for the issuance of bonds for paving Washington st. and to include in this, the necessary amount for the improvement of the culvert across this street, estimated at \$1,400.

No action was taken with regard to Sharp st as it was explained that there are still a few matters to be cleared up with regard to assessments before the legislation can be (Continued on fourth page.)

Missionary Gives Two Talks
At Friends Church
Tuesday.

Two interesting talks relating to her work in India were given by Miss Esther Baird, returned missionary of India, when she spoke Tuesday at two meetings at the First Friends church.

She is located at Nowgong and is superintendent of the Friends mission activities there.

In the afternoon Miss Baird was a guest of the Missionary circle and gave a talk, after which the members were privileged to ask questions concerning the work in that country.

The Ruth circle, the young women's organization of the church, met Tuesday evening with Miss Baird their guest. At this time she told of the condition of the women there, how they were treated and things they have to contend with. After the talk questions were asked.

POLICE, FIREMEN ASK WAGE RAISE

Declare Living Cost Is Out Of Proportion With Salary

Petitions Presented To City Council Tuesday Night By
Safety Director Point To Long Hours And Extra
Work—No Stated Increase Is Demanded.

Increases in salary for all members of the Salem fire and police departments were asked in petitions presented Tuesday evening to city council through safety director Wilbur Hiddleston.

Both police officers and firemen receive a salary of \$135 monthly, this being granted them on Jan. 1, 1920, three years ago. Fire and police chiefs receive \$150 monthly.

In presenting their petition for an increase, members of the fire department declare that the cost of living now is greatly out of proportion with the salary received by them, that they answer all fire or police calls during any of the 24 hours during the day, even in their prescribed rest periods; that they have not been accorded the privilege of having every seventh day to rest; that they are frequently on duty from 100 to 120 hours a week and that they assist police officers in making arrests.

Claim Pay Is Small

With an average of 12 hours daily for regular work, exclusive of overtime, firemen receive slightly more than 37 cents an hour and they point to the fact that city laborers are being paid 50 cents an hour and that the salary received by them and the hours on duty are much different from those of cities the same size in nearby counties.

Members of the police department declare in their petition that the cost of living is greatly out of proportion with their present salaries and that the wages received by them are

smaller in proportion to the wages paid members of the police departments in cities of similar size in surrounding counties. Their average working day is from 12 to 15 hours, giving them a salary rate of slightly more than 37 cents an hour.

No stated increase is asked by members of either department, the petitions asking that council grant them whatever they may deem fair and equitable under existing conditions.

The petitions were referred to the finance committee composed of D. U. Smith, chairman, F. J. Eckstein and P. J. Dean. They plan to meet with the entire councilmanic body for a discussion on the petitions. The petitions follow:

Firemen's Petition

"We, the following members of the Fire Department of the City of Salem, do respectfully represent to you that on the first day of January, 1920, we were voted a salary of \$135 a month, and from that date to the present, a period of more than three years, have served the interests of the city for that same salary.

"We further represent that since that time we have protected the interests of the citizens and property owners of Salem zealously, having answered or responded to fire calls averaging from 10 to 20 per month, and in more recent months averaging from 20 to 30; that we have served the public responding to all fire alarms; even during our pro-

CONTEST WON BY MISS M'MURRAY

Winner Of Story Telling
Honors To Speak At
District Contest.

Miss Mary McMurray was awarded the honors in the story telling contest conducted by the Edna Thomas Missionary society of the M. E. church Tuesday evening at the church. Her subject was "The Master Wants You."

The program was carried out practically the same as previously announced. Mrs. A. B. Hobson sang a solo, taking the place of Miss Mary Louise Mellinger, who is out of the city. All the speakers did well. Those who gave the stories were Miss Esther Rollins, Miss Eleanor McMurray, Miss Beatrice Maeder, Mrs. Russell Gibbs, Miss Esta Halverstadt and Mrs. Judith Jones.

The judges were Mrs. H. L. Peoples, Mrs. T. D. Primm and Mrs. J. G. Gibbs, Damascus. The thank offering taken at this service amounted to \$76.25.

Miss McMurray will repeat her story at a district meeting of the Woman's Foreign Missionary society to be held at the local church the last of June. The winner at that time will go to Lakeside to speak and the winner at Lakeside will speak at the branch meeting at Cleveland.

FIELD MEET OPENS AT LISBON, TRACK IN POOR CONDITION

Salem Athletes Qualify In
All But One Of Prelim-
inary Events.

Columbiana county's annual field meet opened Wednesday morning at the county fair grounds, Lisbon, under threatening skies and with the track in poor condition due to the heavy rains of the past week.

Salem qualified in all but one preliminary. Davis, Salem's entry in the 220 hurdles, was disqualified after a heartbreaking finish. He finished first in this event but was disqualified when he knocked over five hurdles.

The crowd was very small, made up principally of high school students and track officials. The main body of rogers arrived at the fair ground shortly after noon.

The meet was resumed at 1:30. Result of preliminaries:

100-yard dash—(Three heats, two men to qualify). First heat, Menough, Wellsville, first; Cinnella, Leetonia, second; time 12 seconds. Second heat, Woods, Salem, first; time 12 seconds. Third heat, Ward, East Palestine, first; time 12 seconds. First, first; Bingham, Salem, second; time 12 seconds.

220-yard hurdles—Boyd, East Liverpool, first; Steel, Lisbon, second; Todd, Wellsville, third; time 31 seconds. Second heat, Butch, Leetonia, first; Wherry, East Liverpool, second; Cornell, Leetonia, third; time 31 points 2 seconds.

220-yard dash—First heat, McCue, Leetonia, first; Menough, Wellsville, second; time 26 seconds. Second heat, Woods, Salem, first; Ward East Palestine, second; time 25 seconds. Third heat, Bingham, Salem, first; Rudder, Wellsville, second; time 27 seconds.

Pole vault—Roessler is Salem's only entry in this event. But one man, Ray, East Palestine, failed to reach the finals.

Finals
220-yard hurdles—Boyd, East Liverpool, first; Todd, Wellsville, second; Sammon, Leetonia, third; Cornell, Leetonia, fourth; time 30 1-5 sec. High jump—Roessler, Salem, first; Todd Wellsville, second; Johnson, Lisbon, third; Rolley, Wellsville, fourth; height 5 ft. 5 in.

147 Dozen Poppies Made By Auxiliary For Sale May 26

One hundred and forty-seven dozens of large poppies have been made by members of the American Legion auxiliary, which with 3,000 small ones, will be placed on sale Saturday, May 26. The proceeds will go to benefit disabled veterans of the World war. Work of making the poppies will be finished up this week.

An invitation was accepted from the Woman's Relief Corps to a social Monday evening, May 21, at G. A. R. hall.

The auxiliary will join other patriotic orders of the city and attend service at the First Presbyterian church, Sunday, May 27.

Commendable Effort

THERE has been no time in the history of transportation in the United States when there was so much concentration of effort by the management of the railroads to secure efficiency of operation as now. There never before was such co-operation of the managements of competing systems.

The combined energy of the executives of many properties is directed to recovery from the evils of government operation and the last strike to take care of the steadily increasing traffic in recent months and to prepare for the peak of next fall's traffic and that of the farther future.

During the 14 months ended March 15 last the railroads of the United States purchased 223,616 new freight cars and 4,219 locomotives. During the 22 months of federal control and operation but 100,000 new cars were bought and 1,930 locomotives. That the government did not buy in new equipment one half the yearly average of the last ten years, either of cars or locomotives, is one of the reasons that the roads were returned to their owners in such crippled condition.

That the executives are doing all in their power to recoup the lost facilities chargeable to government operation is evidenced further by their arrangements for the purchase of additional equipment this year. Last year's expenditures for this purpose aggregated \$440,000,000. Those authorized for 1923 aggregate \$1,100,000,000—almost three times as much as was spent in 1922.

He Sees Clearly

AN excellent answer to the critics and opponents of President Harding with reference to the world court proposal may be found in the words of Lord Robert Cecil, recent guest, and, perhaps, among the ablest and most sincere friends of the league of nations.

Lord Robert does not deceive himself, and he is too honest to attempt to deceive his people. He does not regard the president's proposal of adherence to the world court as any indication whatever that either the president or the American people are ready to enter the league. Speaking to his own countrymen, Lord Robert recently said:

"I have no illusions about America's attitude toward the league of nations. I warn the English advocates of the league not to place too much reliance on America coming in."

This is plain talk, and honest talk. There is less probability of America's entry at this or any time in the immediate future than there has been since the matter first became an issue before the people. Once they registered their emphatic repudiation of the scheme. They would do the same thing tomorrow. They will do the same thing next year. As to the world court, that is a very different proposition. It may be regarded as Lord Robert regards it, as a something having nothing whatever to do with our feelings and sentiments with respect to the league.

Policemen's Petition.

"We, the following members of the Police Department of the City of Salem, do respectfully represent that we have served the citizens and residents of this city for more than three years at the same salary we were voted on January 1, 1920."

"We represent that the cost of living necessities has advanced steadily since that date, so much that the present prices of food, clothing and desirable properties for rental, are far in excess to, and greatly out of proportion with the salary now received by us."

"We desire to call your attention to the fact that we have zealously guarded the lives and interests of the property owners and residents of our city during this period of time, taking since Jan. 1, 1920, 999 arrests, a monthly average of about 30. As a result of these 999 arrests and the fines accompanying them, the city treasury was increased in the following amounts:

1920, \$5,828.50; 1921, \$6,715.05; 1922, \$12,253.72, the above being far in excess of the total cost of maintenance of the police department for the same period.

"Further petitioning, we represent that the hours served by us on duty are far in excess to the number of hours served by members of the police departments in cities of similar size in surrounding counties, and that our average working day consists of from 10 to 15 hours; that the wages received by us are smaller in proportion to the wages paid the members of the police department in cities of similar size in surrounding counties."

There is one Detroitier who had an opportunity to study at close range the new Japanese ambassador long before M. Hanlraha thought he would represent his country in the United States. During the settling of the Russian-Japanese peace at Portsmouth, N. H., in 1905, Harry H. Cooper, of the Hotel Tuller, represented the Postal Telegraph company at the Kittery naval station. He had charge of all the Japanese official cable dispatches. M. Hanlraha was the social and, virtually, the general secretary for the Japanese peace envoys. When correspondents wanted to know anything, they went to M. Hanlraha, who, with the suave character of his race, did what he could. He and Mr. Cooper became good friends in the course of the negotiations.—Detroit News.

This event marks the tenth in the series which has been run off annually under the auspices of the Mount Union College Athletic association. This year's meet will find missing several of the stars who have been competing for the past few years in the Mount meet. Among these are Hawkins, of Columbiana, the winner for the past two years of the individual honors and one of the best all-around athletes ever turned out by an Ohio high school. He is now in college as is also Smith of Boardman and Gorsuch of Lisbon, record holders who competed last year.

SHELBY PREPARES FOR FIGHT CROWD

Shelby, Mont., May 16—Ample provisions for the comfort and transportation of the thousands of fight fans who are expected to migrate to Shelby from all corners of the country for the Dempsey-Gibbons' championship bout, July 4, will be made, Ralph Budd, president today. "Things look much more favorable than I had expected," Budd declared. "Shelby is going over the top in this big undertaking. The Great Northern is planning to put in 40 miles of side track to handle special trains." Construction of the huge arena is being rushed with all possible speed, and another force of carpenters will be put to work today, it was stated. Loy J. Molmby and Mike E. Collins, promoters of the fight extravaganza, stated Tom Gibbons will arrive at Havre Thursday. The advance ticket sales have reached a total of \$250,000 Molmby stated.

PLAN BIG PARADE OF ODD FELLOWS

Invite Wooster Drill Team To Lisbon; Many Going To E. Liverpool.

Lisbon, May 16—Canton Wright, of Wooster, winner of the prize drill at the annual grand lodge meeting of the Odd Fellows lodges of the United States, has been invited to appear here Sunday, June 24, when the local lodge will celebrate its annual memorial day and decorate the graves of dead members.

It is expected that all lodges in the county will receive invitations to be present at this service and to participate to the parade.

One hundred and fifty Alliance Odd Fellows are preparing to make a pilgrimage to East Liverpool on June 3 to participate in the memorial services held by the East Liverpool lodges. The visiting lodges will start early and convene at the grove on the William George farm, near West Point where they will eat their dinner and form a procession and descend on the Crookery City in a body. They will be joined by many local lodges and it is expected that over 200 machines will be in the procession that will wind over the hills to participate in the memorial service.

THE UNEXPECTED HAD HAPPENED! A PRISONER WAS AT LARGE. COULD THEY CATCH HIM? HE BROKE JAIL TO BE NEAR HIS LOVED ONES, ALTHOUGH HE WAS UNABLE TO EXPRESS HIMSELF AND FEEL THE TOUCH OF THE LOVE KISS, FROM THE DEPTHS HE ROSE TO THE HEIGHTS. All Will Believe In Spirit World In Five Years—Doyle

Los Angeles, May 16—Within five years the person who does not believe in the spirit world will be considered ignorant.

Such was the declaration of Sir Arthur Conan Doyle, famous author and advocate of spiritualism, upon his arrival here.

"Spiritualism was the second great

revelation from God," he said. "The great revelation was the coming of a Christ. Then, centuries later, March 31, 1848, to be exact two little girls, the Fox sisters at Hydesville, N. Y., were chosen by the spirit world, by God, for the second revelation.

"Psychic phenomena always has been a force in the scheme of creation, but that was the first time that systematic communication was established by code.

"There was an abundance of evidence, facts which cannot be dis-

puted, by which the intellectual may be converted. Five years from now the man who says he doesn't believe in the spirit world communication will be counted as ignorant.

Simmons Bed and Bedding Outfits

Cost no more than you are prepared
to pay for Honest Comfort and Service

We believe the women of this community would prefer to buy a spring and mattress of established reputation, than to spend their money for merchandise of unknown name, grade or quality.

To demonstrate the not-generally-known fact that genuine Simmons Beds can be purchased at popular prices, we are featuring the bed and bedding outfit illustrated at the price below, including, a

Simmons Bedstead—continuous posts of steel tubing, in any standard width, strongly constructed, light in weight, finished in ivory white, a

Simmons Spring—galvanized twisted link fabric; strongly made, flat surfaced, non-sagging design, resilient, comfortable and serviceable, and a

Simmons Mattress—made throughout of fine, clean, new Cotton. Sealed in a dust-proof carton, and delivered into your home in this same original carton, unsoiled by handling or by the grime or germs of the city streets. This is not a "special" in the "bargain" sense of the word, but it is an extraordinary value, at a price all can afford.

SOCIETY

Episcopal Y. P. Association
Meeting Tuesday evening at the parish hall, young people of the Episcopal church selected a name for their society, recently organized. It will be known as the Episcopal Young Peoples association.

A discussion of the Grant-Manning question was a feature of this session, which was followed by a social period. Misses Leona Farmer and Catherine Stratton were associate hostesses. "Bishop Rowe in Alaska" will be the subject considered at a meeting in two weeks.

Luther League
Five members were added, three of them honorary, when the Luther League of Holy Trinity English Lutheran church met Tuesday evening with the pastor, Rev. J. P. Harman. Plans were made for a benefit social to be held in the near future at the home of Herman Coy, Summit st.

A social period was enjoyed with a wicker and marshmallow roast a feature. The third Tuesday in June the members will be guests of Mrs. West, Maple st.

Classmates Honor Bride
Class members of Mrs. L. B. Harris' class of First Christian church assembled at the home of Mrs. Thelma Hilliard, West Pershing ave. Tuesday night where they showered Mrs. Hilliard with gifts for her new home in honor of her recent marriage. The gifts consisted of silver tableware.

The guests took with them provisions for a fine lunch and the hours were devoted to informal amusements.

Young Ladies Sodality
Games and music entertained at a meeting of the Young Ladies Sodality of St. Paul's Catholic church at a meeting Tuesday evening at G. A. R. hall, Broadway. The social period followed a business session. A lunch was served by these associate hostesses: Misses Marie Lang, Josephine Gottschalk, Gladys Probert, Ursula Mullins, Ruth Bradley and Helen Judge.

Honors Husband's Birthday
Mrs. C. O. Smith entertained at a prettily appointed dinner Tuesday evening at her home, North Hawley ave., honoring the birthday anniversary of her husband. Red and white tones predominated in the appointments and a centerpiece of snap dragons added attractiveness. There were 12 guests, some of them from Sebring. Cards was a favorite diversion of the evening.

Girls Wesleyan Class
Members of the Girls Wesleyan class of the M. E. church will meet Thursday evening with Miss Beatrice Naeder, 357 Cleveland ave.

Miss Mary Holderman, who was taken to Salem City hospital a few days ago for treatment following an automobile accident, is reported to be slightly improved.

Isaiah Dushman, Greenford, who had some of his ribs fractured in an automobile accident Saturday night, is able to be out.

Mrs. Rebecca Cadwallader left Tuesday morning for Barnesville to attend the funeral of her aunt, Mrs. Rebecca Buddy.

The Misses Zillah and Ella Stamp spent Wednesday in Youngstown.

UPTON SINCLAIR IS HELD IN JAIL

Los Angeles, May 16.—The mysterious disappearance of Upton Sinclair, author and socialist, three of his associates and Chief of Police I. D. Oakes, who arrested them at "Liberty Hill," San Pedro, for violation of a police edict against public meetings in the waterfront strike probe, was somewhat cleared up today when Chief Oakes communicated with Central Police station.

He said Sinclair was being held in jail on charges of unlawful assembly and violation of the criminal syndicalism law but did not inform headquarters in which jail the author was being held.

Knox Pupils To Have An Outing Saturday

Twelve schools of Knox township will unite in the annual picnic Saturday, at North Georgetown. More than 200 pupils will be in attendance. In the morning a program of sports will be run off. In the afternoon a short program has been prepared. Rev. P. W. Macaway, pastor of the First Presbyterian church, Lisbon, will be the speaker of the day. Following the program a ball game will be played.

School Class Will Study Court Work

One of the features of the session of juvenile court for Monday will be the presence of the class in sociology, of the Salem High school. In addition to taking care of the regular assignment of cases, Judge Kiddle will give the class a detailed statement of the workings of the court and its aims and objects during the time they spend there. The class will be under the leadership of their teacher Lloyd S. Bloomfield.

\$10,000 Offered To Solve Mount's Death

Chicago, May 16.—The board of trustees of Northwestern university today offered a cash reward of \$10,000 for information which would lead to the solution of the death of Leighton Mount, Freshman, who vanished after the class fight in September, 1921. The offer was made in a letter to state's attorney Robert E. Growe.

BARN BLOWN DOWN, 4 PERSONS HURT

Wind And Rain Storm Does
Much Damage In East
Liverpool District.

East Liverpool, May 16.—One man may die and three other persons were injured and more than \$25,000 property damaged was indicated today as a result of last night's rain and wind storm in the East Liverpool district. Albert Bowersock, 64, farmer, sustained a fractured skull and his wife and son, Ray, 21, were less seriously injured when their barn at New Somerset, near here, collapsed, burying them under the debris. Bowersock is in a critical condition in a hospital here.

Three silos were destroyed near Chester, W. Va., when supporting walls of a warehouse of the National Drawn Steel Co., were leveled and several houses in East Liverpool unroofed.

Falling From Train, Man's Back Is Hurt

A man giving the name of Frank Reed of Pittsburg was brought to the city jail shortly before midnight Tuesday after having fallen from a freight train just west of Salem.

Reed declared he missed a run on a ladder and fell to the ground while the train was in motion. He was given a bed at city hall for the night and received medical attention Wednesday morning.

He was not injured seriously, suffering from a wrenched back and groin.

1,000 At Recital In Columbiana Church

One thousand people attended the organ recital Tuesday evening at the First M. E. church, Columbiana, given by Mr. Vogan, Chicago. A masonic quartet from Youngstown sang.

This is one of the week's events at this church in dedication of the new edifice.

Wednesday night addresses will be given by Dr. B. L. George, Alliance, district superintendent and Dr. W. H. McMaster, president of Mt. Union college.

Schoolmasters Will Meet Here Tonight

Salem will be host to members of the Columbiana County Schoolmasters association at the meeting of that body Wednesday evening at the Elks home. It was announced today by C. M. Rohrabugh, principal of Salem High school.

Dinner will be served at 7 p.m. and will precede the business session of the county school heads.

"FLESH AND BLOOD"

A picture as distinctive as it is unusual—one rich with human emotions, and pulsing with vital drama is "Flesh and Blood," an Irving Cummings production, featuring Len Chaney, the man "of a thousand faces," supported by an all-star cast that includes Edith Roberts as his leading woman. The picture will be the attraction at the Royal theater for two days beginning Wednesday. It was directed by Mr. Cummings from a story by Louis Dreyer Lighton, and tells of an escaped convict who found his way to liberty—who found ample compensation for his pent-up sorrow by realizing that his daughter had found happiness. Chaney plays the convict and gives a performance that will live long in the memory. The exceptional study of this prisoner, forced to become a fake cripple to avoid detection, is one that stamps Chaney as the most gifted character actor on the screen.

CITY WILL PAVE

(Continued from first page.)
prepared for this street. Nothing was done with regard to Lincoln ave. This question will be disposed of later. The city's share of cost of improving these three thoroughfares would be about \$25,000 it was announced.

Installation of water meters in every building in the city will eliminate 750 flat rate services and will save the equivalent of one of the city wells annually, according to Director John Bristol's report to the council.

At present there are in use in the city, 2,050 water meters and 750 flat rate services. The cost of the 750 new meters will be about \$8,000, it was reported. Installation of these meters will make the entire city uniform in water service rates and will save both water and money for the city, according to Director Bristol.

Solicitor Harris was authorized to prepare legislation for the issuance of bonds to care for the installation of the meters.

NOTICE INDEPENDENT HOSE CO.
There will be a meeting of all members of this company Friday evening May 18, at 8 o'clock, to determine time and place of the annual fishing trip.

FOOTBALL STAR HELD FOR THEFT

Springfield, Mass., May 16—Charles E. Brickley, former Harvard gridiron star and Montgomery S. Gibson, local stock broker, were indicted today in superior criminal court on charges of illegal stock negotiations, to which they pleaded not guilty.

Brickley is charged with the theft of \$10,000 from the Commercial Trust company of this city, arising from the deposit of certain stock of the Ingersoll-Hartford Carpet company with the bank as securities for a loan. Gibson is charged with the theft of \$1,500 from two clients.

Both are charged with inducing Kurt R. Ziegler to force the name of William J. Hines, of Thompsonville, Conn., and depositing alleged forged certificates as security.

Gibson was released on \$10,000 bail. Gibson was held until he was able to secure the same amount of bail.

OBITUARY

James R. Stoffer

James R. Stoffer, aged 76, died Monday night at his home in Conneaut as the result of a paralytic stroke suffered several weeks ago.

Mr. Stoffer was born in Washington, April 9, 1847 to John and Mary Fitzpatrick Stoffer, and was united in marriage with Miss Celeste Rohrbach of Columbus, at Washington, April 20, 1880. Until recent years he was engaged in business pursuits from the time he left school, first in partnership with his father in a store at Washingtonville later for himself at Louisville, O. He went to Conneaut in 1902 as secretary of the Conneaut Can company, later conducting a grocery and meat market.

Mr. Stoffer retired from business 12 years ago and went to live on an attractive place he had bought on the main road four miles west of Conneaut. During his later years his health was poor and he sought benefit in the outdoor occupation of raising fruit.

Mr. Stoffer is survived by his wife and two daughters, Mrs. F. N. Aten of Conneaut and Mrs. Curtis Aver of Alliance.

Funeral service was conducted Tuesday evening at the family residence by Rev. J. H. Rankin, pastor of the First Congregational church of Conneaut, of which church the deceased was a member. The body will be taken to Columbus for interment at which place religious services will be conducted by Rev. E. A. Jester, an old friend of the family.

Mr. Stoffer was a member of Judah lodge F. and A. M. of Louisville and the services at the grave will be under Masonic auspices.

Funeral Notice

Funeral service for Mrs. Charles Umstead will be held at 7 p. m. Wednesday at the home, Green st. and Ellisworth ave. in charge of Rev. H. H. Scott, Thursday morning the body will be taken to Canton for interment.

Miss Elizabeth A. Blazey

Governor Is Now Senator From Minnesota.

James R. Stoffer & J. L. Collins, INC.

Following the death of the late United States Senator Knute Nelson, Gov. Jacob A. Preus of Minnesota resigned, and Lieut. Gov. Louis J. Collins succeeded him in the capitol. Gov. Collins' first official act was to appoint former Gov. Preus United States senator to succeed Senator Nelson, whose protegee he was. Gov. Collins served in the A. E. F. and is known as "The Fie-foot Corporal."

STREET SWEEPING ASSESSMENT MADE

First steps with regard to the sprinkling and sweeping of the city streets during the summer months were taken Tuesday night by Salem city council when an ordinance was passed under the suspension of rules levying an assessment of two cents per foot for this work.

In passing this ordinance which is an annual affair, the attention of the solons was called to the fact that the business men of the downtown district pay an extra charge for the cleaning of the streets in front of their establishments during the summer.

These streets are cleaned every week by the service department of the city and a charge of \$12 a week is made for this work. This is done for 35 weeks during the year. These merchants pay the special assessment in addition to the regular assessment of two cents per foot.

Report Situation In China More Serious

Washington, May 16.—The Chinese situation became more serious today from the point of view of the United States when Jacob Schurman, the American minister to Peking, reported to Secretary of State Hughes that no progress was being made in the negotiations to compel the bandits to liberate their foreign prisoners.

WASHINGTONVILLE

A. D. S. Klingensmith and O. Bossert attended the funeral of James Stoffer Wednesday afternoon at Columbus. Mr. Stoffer, aged 77, died at Conneaut. He lived in Washingtonville a number of years ago and conducted a grocery here.

HOT SPRINGS BUSY REPAIRING ORDER; LOSSES \$2,000,000

Citizens Happy In Miracle That Saved Lives As City Is Flooded.

Hot Springs, Ark., May 16.—Hot Springs today was happy in the miracle that saved her residents from heavy death toll in the floods and fire of Monday night and meantime was going about the job of pumping water from cellars, repairing gas and water mains and scraping debris from practically every place where it could find a lodging.

The swirling waters from the hills to the north during a cloudburst and the roaring flames which swept the business district left a damage estimated at \$2,000,000 but so far as search has revealed not a single life was lost.

The safety of all inhabitants of the town was considered precarious by residents, for within half an hour after the first tiny stream from the mountains threaded its way into the end of Central ave, the street was a roaring torrent and the water stood at five feet.

Before the first stream had fairly crossed into the outskirts of the town it had become a wall and before it rushed into the business district it had leaped curb and foundation stones.

A company of Arkansas National Guard was on duty in the city today helping in the work of restoring things to normal. Electric lights, gas and pure water were promised by tonight. Railway traffic still is paralyzed but it was believed some trains would reach the city today.

Conditional Pardon Granted By Donahey

Columbus, May 16.—Paul Fetters, 25, Columbus, has been granted a conditional pardon from the penitentiary by Gov. Donahey. Fetters has served nearly three years on a five-year sentence for stealing a bottle of morphine tablets from the office of Dr. George Gardner, Asheville, in 1920. He is a former drug addict, but prison officials believe he has been cured.

\$20,000 Fire Damage To Provision Plant

Alliance, May 16.—Loss of \$20,000 is estimated when fire broke out in the Fairmont Provision company's plant here burning the upper part of the structure and considerable equipment.

Fire is believed to have originated in the smoke room. Twelve hundred pounds of bacon and five barrels of hams stored here were destroyed.

home and that its age ranged from seven to 15 years.

The charge was then dismissed. In the affidavit, Berg was charged with "possessing" for the term of one year from May 15, 1922 to May 15, 1923.

Stirs More Action
Neither Mr. Groner nor Marshal Sullivan testified as to the length of time the wine had been held in the cellar of the Berg home. Berg's hearing began at 3:30 o'clock and was over in half an hour.

Whether the warrant for Berg's arrest was signed more hastily in East Palestine due to the action of the Leetonia authorities could not be learned. It was explained that it likely was the immediate result of the return from Columbus of analysis of liquor seized by the East Palestine men.

The Leetonia action, it is said, will have no bearing on prosecution of the case at East Palestine.

The report from Columbus on the analysis of samples of wine taken from the Berg home showed that the wine was intoxicating, Mayor Ferrel stated Wednesday.

DAMASCUS

The I. O. O. F. lodge had a very interesting meeting last night. It was decided at this time to have something special every month to create interest in attendance. Next month at the first meeting night a luncheon will be served.

Mrs. H. L. Peoples, Mrs. T. D. Fruma and Mrs. J. G. Gibbs went to Salem to judge the story telling contest in the Standard Bearer Missionary society, held at Salem M. E. church last night.

Mrs. C. E. Crawford, who has been ill of measles, is improving.

Mrs. Charles Elyson left this morning for Portland, Ore. She joined her sister, Mrs. Louisa Walton of Philadelphia, on the train at Salem. They will visit their sister, Mrs. Ella Ford, who is ill at Portland. They go direct to Pasadena, Cal. where they will visit Mr. and Mrs. Albert Ford and other friends for a few days. Mrs. Elizabeth Himes of Belmont county sister of Mrs. Elyson, is staying at the Elyson home in the absence of Mrs. Elyson.

Rev. John Pennington, Rev. H. L. Kelly, and R. S. Cocke attended a ministerial meeting of Friends at the home of Rev. Isaac Stratton at Winona last evening. Mrs. Stratton served a fine supper.

Rev. Claude Roper of Alliance gave a talk on the Sunday evening service. A committee was appointed to purchase a tent for evangelistic services for the quarterly meeting.

LEAGUE THE MAIN CAMPAIGN ISSUE

MANAGERS OF BOTH GREAT PARTIES EVIDENTLY MEAN TO MAKE IT SO.

COURT PLAN NOT INVOLVED

So Insist Republicans, Whose Opposition to Membership in Greater Body Is Invited—Democrats Consulting With Former President Wilson.

By EDWARD B. CLARK
Washington.—Make the best or the worst of it according to the viewpoint, yet seemingly it is a fact that the League of Nations is to be the main issue in the presidential campaign next year, if the trend of endeavor of the managers of the two great parties continues as it is today.

There will be other issues in the campaign, of course. There will be the claim of the Republicans that they have served economy and there will be the counter claim of the Democrats that the amount of money saved is less than it would have been had their party been in power. The Republicans will plead the institution of the budget system of appropriations as a great accomplishment. The Democrats probably will admit that this is an accomplishment, but they will counter with the assertion that originally it was a Democratic proposal.

The tariff of course will be an issue. It always is an issue, and so far as man can see, probably it will continue to be an issue. Every time the government changes its political complexion the tariff changes its economic complexion. The tariff always is troubling and probably will continue to trouble until the millennium. That the tariff is to be an issue in a presidential campaign always is understood in advance. There is no surprise element in it.

President Harding has put forward his proposal for American membership in the International Court of Justice. Two of his cabinet officers publicly have supported his position in the matter, but the President and all of the spokesmen in behalf of his court plan have insisted that membership in the court does not mean even a suggestion of membership in the League of Nations.

League Will Be Main Issue.

The Democrats have leaders in their party who are as much opposed to entrance into the league as are any of the Republicans, but the opponents of the plan in the Democratic party are much fewer in number than in the Republican party. It seems, from everything which comes from both Republican and Democratic national committee headquarters, that the league is certain to be the main issue in the next campaign, and that the Republicans who oppose it are to oppose any approach to entrance therein, and the Democrats are going to urge full affiliation.

It is pretty generally understood that the leading Democrats are consulting with former President Wilson as to his views on the issue of the coming campaign. Mr. Wilson, as the world knows, was the original American proposer and the original American supporter of the general plan of the League of Nations. Naturally, he looks for the vindication of his views. Seemingly his proposal in the matter was repudiated in 1920. It will be put to the test of sanction or repudiation again in 1924. Everybody in Washington, and presumably the country with it, knows that Mr. Wilson stands today in this matter just where he stood four years ago.

Taking note of the actual signs of the times, it is apparent today that the Democrats believe there has been a change of opinion in the United States on this league matter. The truth is that the Democratic leaders seem to be rather cheerful over the prospect. Whether there is a basis for their cheerfulness or not is another question, but if it is counterfeited it is a pretty fair counterfeit.

Republicans United on This.

On the other hand, the Republican leaders say that determination of the American people to have nothing to do with the League of Nations is just as fixed as it was in 1920. It is true that the Republicans are divided on the question of the wisdom of President Harding's proposal concerning membership in the International Court of Justice, but seemingly there is no split at all on the matter of the League of Nations itself. The opposition to the league will be just as marked in the Republican campaign next year as it has been in the past. Everything which comes from the Republican national committee headquarters in the form of party propaganda proves this to be the fact.

Several organizations intended to promote American good will toward the League of Nations have been formed recently, and are at work. One of them is directed by former Associate Judge of the Supreme Court John Hessin Clarke. The body of league supporters is extraordinarily busy. It is expressing its views just as former President Wilson would have them expressed. There are few anti-league organizations as such, but there are scores of organizations which stand opposed to entrance into the international body. These organizations are formed for various purposes but they have made of the league what might be called a side issue of opposition.

Museum Shows Ancient Customs.

One of the recent attractions added to the historic city of Lourdes, which has been the scene of many pilgrimages for the cure of physical ills, is a museum to illustrate the old customs of the natives in that region of France.

Six halls in the museum are reserved for a permanent exhibition of the furniture and costumes of the Pyrenean people, the equipment of their artisans (weavers, potmakers, shepherds, hunters, fishers, etc.) and their characteristic footwear. In other rooms are displayed botanical, geological and entomological collections, also painting, sculpture and applied arts of the region.

NEW OHIO MEASURE PLACES PROPERTY ON TAX DUPLICATE

Rep. Cope Says Bill Does Not Place Churches On Duplicate.

Lisbon, May 16.—At the suggestion of the tax commission, the legislature recently passed a bill approved by the governor, that will put a lot of property back on the duplicate that is now exempt. A copy of the new law has been placed in the hands of every county auditor in the state for study, and so far as Columbiana county is concerned, it will not be determined for some months, perhaps, just how much will be added to the duplicate.

A conservative estimate has placed the value of tax exempt property in Columbiana county at close to \$7,000,000.

"I know all about that bill," Rep. Harvey D. Cope of Rogers said when queried about the bill. "The measure will not place churches on the duplicate, although some thought this would be done."

Annually a survey of tax exempt property has been made under the direction of the county auditor, about a month being required to assemble the list. Considerable of this burden hereafter will be placed upon the shoulders of assessors.

It may follow that lodge buildings, now tax exempt, will be placed on the duplicate, although some contend that this is not the purpose of the measure.

The text of the new law reads:

Text Of New Law

"That section 5353 of the General Code be amended to read as follows:

"Sec. 5353. Lands, houses and other buildings belonging to a county, township, city or village, used exclusively for the accommodation or support of the poor, or leased to the state or any political subdivision thereof for public purposes, and property belonging to institutions used exclusively for charitable purposes, shall be exempt from taxation.

"Sec. 2. That section 5370 of the General Code be supplemented by the enactment of supplemental section 5370-1, to read as follows:

"Sec. 5370-1. It shall be the duty of the county auditor to make a list of all the property, both real and personal, in his county, and including monies, credits and investments in bonds, stocks or otherwise, which is exempted from taxation under sections 5310-6, 4759, 5349, 5350, 5352, 5353, 5354, 5356, 5357, 5359, 5361, 5362, 5363, 7915-1, 10092, 10101, 10195 and 10192 of the General Code.

"In each case list shall show the value of the property exempted and a statement in brief form of the reason for exemption, on which such exemption has been granted.

"It shall be corrected annually by adding thereto such items of property as may have been exempted during the year and by striking therefrom such items as shall have lost their right of exemption and which shall be reentered on the taxable list.

Must Revise List

After this act takes effect no additions shall be made to such exempt lists nor additional items of property exempted under any of the sections enumerated herein without the consent of the tax commission, but when any personal property or endowment fund of an institution has once been held by the tax commission to be properly exempt from taxation, it shall not be necessary to obtain the commission's consent to the exemption of additional property or investments of the same kind belonging to the same institution; but such property shall appear on the abstract filed annually with the commission.

"The tax commission shall, prior to Jan. 1, 1925, revise the list in every county so that no property is improperly or illegally exempted from taxation; and shall have power to make further revision at any time thereafter. The county auditor shall follow the orders of the tax commission given under this section. An abstract of such list shall be filed annually with such commission on a form to be approved by it, and a copy thereof shall be kept on file in the office of each county auditor for public inspection.

"Sec. 3. That section 5351 of the General Code is amended to read as follows:

"Sec. 5351. Real or personal property belonging exclusively to the state of United States, and public property used for a public purpose shall be exempt from taxation.

"Sec. 4. That sections 5354, 5355, 5356, 5364, 5365 and 5365-1 and original sections 5351 and 5353 of the General Code be, and the same are hereby repealed."

Accident Fails To Break Long Record

Columbiana, May 16.—Not to have missed a meeting in 13 years is the record of Mrs. Susan Overholzer of the Women's Relief corps of the local post of the Grand Army of the Republic.

Recently Mrs. Overholzer fell and fractured her hip and one of her chief worries in her affliction was that she would be unable to attend the meetings of the order to which she had given almost a lifetime of loyalty. Her fears were unfounded, however, for her sister members made preparations to hold the ensuing meeting at the Overholzer home.

STARTLING FACTS ARE REVEALED IN U. S. SUGAR PROBE

Information Shows Who Are In Control Of Sugar Setting Prices.

Washington, May 16.—Important and startling facts bearing on the alleged sugar monopoly and the recent boost in prices which have already cost American housewives thousands of dollars have been secured by department of commerce agents investigating the situation in Cuba, it was learned today from official sources.

Information obtained showing exactly who are in control of sugar, valuable information in fixing responsibility for the rise in price, has been turned over to the department of justice, with which the department of commerce is co-operating.

The real control of many Cuban plantations which produce a large percentage of the world's sugar crop, has been traced to this country, it was stated.

Evidence so far obtained in Cuba, the investigation has shown officials that any probe which brings out the actual facts and develops responsibility for conditions in the market will have to be conducted in New York and other financial centers of the United States, officials declared.

The department of commerce, acting under funds available from a \$500,000 congressional appropriation authorizing a probe of monopolies, source of supply and markets of raw materials produced abroad and used in this country was said to be "in close touch with the sugar situation in Cuba and the United States."

Within two weeks some startling disclosures are expected to be made public.

The department of justice agents in

Cuba are keeping a watch on the harvesting of the new crop, but it was admitted that until the sugar is actually in barrels no reliable figure on the yield will be available.

Control and operation policies of the Cuban plantations are also under investigation, the information obtained being made available to the department of justice.

Passable Detours Are Needed Badly Says Motor Chief

Columbus, May 16.—For three years the state highway department consistently has violated state law by forcing motorists in all parts of Ohio to drive over detours that are neither "passable nor jackassable," declared Fred H. Calvey of Cleveland, president of the Ohio State Automobile association at dinner in the Diesler, which marked the close of the association's 19th annual convention.

"This organization should demand of Gov. Donahey and the new highway

director, when he is appointed, that Ohio motorists be provided with passable detours in the future when new roads are in the process of construction," the speaker asserted.

The convention yesterday adopted a resolution advocating the rebuilding of new roads throughout the state using modern methods in the type of construction that are sufficient to carry present day traffic. The same resolution urged continuance of a policy which will mean completion of the main state arteries of travel.

Combat the Film Tonight

Watch how your teeth improve

Go get this free tube of Pepsodent and make this delightful test.

Millions have already done that. The glistening teeth you see everywhere now show the results that come.

Start now to fight that film on teeth. Do it to be fairly, to be safer. Do it because dentists the world over advise it. Do it for your sake and your family's sake. Learn what this method does.

Film—your great enemy

Film is the great tooth wrecker—that vicious film you feel. It clings to teeth, enters crevices and stays.

Food stains, etc., discolor it, then it forms dingy coats. Tartar is based on film. Those thin coats dim the luster of the teeth.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. That's why tooth troubles were almost universal.

Germs breed by millions in film. They, with tartar, are the chief cause of pyorrhea, now so alarmingly common.

Two new discoveries

Dental science has in late years found two ways to fight that film. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods by many careful tests. Then a new-type tooth paste was created, based on modern research. These two film combatants were embodied in it for daily application.

That tooth paste is called Pepsodent. Careful people of some 50 nations now employ it, largely by dental advice.

Avoid Harmful Grit

Pepsodent curdles the film and removes it without harmful scouring. Its polishing agent is far softer than enamel. Never use a film combatant which contains harsh grit.

Gum-Dipped Cords
Gaining New Fame for Service
194% Sales Increase in Last Six Months
Shows Trend Toward Firestone

The public has emphatically spoken. The popular preference in all territories is unmistakably the Firestone Gum-Dipped Cord.

A standard of service has been set by these famous tires without parallel in the past. It has brought a sales increase of 194% for the past six months over the same period of a year ago—the greatest gain in all Firestone history.

The Firestone Gum-Dipped Cord is the mighty achievement which has enabled Firestone to break the tremendous record of past Firestone success.

The tire buying public has been aroused to the results in economical mileage of the Firestone process of double gum-dipping. The buying-swing toward Firestone shows how it has advanced the public's standard of tire value.

Ask own rs about Firestone performance on their cars. Note the big taxicabs fleets Firestone-equipped. Watch the new cars you see—just from the factory—Firestone Gum-Dipped Cords are seen everywhere in increasing numbers.

Get the maximum ext. mileage that only the Firestone name assures you. Only by insisting on the name can you be sure of getting the genuine gum-dipped construction.

PARENTS TO HEAR LECTURE ON AFRICA

Dr. Hudnut Will Show Views Of Africa To Parent-Teacher Group.

Leetonia, May 16. (Sp.)—The next meeting of the Parent-Teacher association will be held Friday evening at St. Paul's Sunday school chapel. An unusually good program has been prepared, the principal feature of which will be the illustrated lecture on Africa by Rev. D. W. Hudnut of Youngstown, who has traveled in that country. Miss Alice Klerman will give a reading. Music will be furnished by the High school orchestra.

School Savings
The savings deposited in the Peoples Savings & Loan Co., by the schools of Leetonia and Wadsworthville demonstrated what the saving system does in developing thrift among the pupils in the schools.

In these schools of the two communities there are at this time 746 open accounts with deposits of \$5,165.56, an increase of \$3,294.48 above the amount at the beginning of last September.

The amount this year up to this date stands:
On deposit last September \$1,969.95
Deposits made 4,679.69

Total \$6,649.64
Withdrawals \$4,475.94
Deposits at this time \$5,165.56

Chickenpox Cases
Chickenpox has been playing havoc with the attendance in the first and second grades in the South Side school for the past week. Fifteen absences have been reported in the last day or two.

Former Pastor Preaches
Rev. H. C. Brillhart of St. Paul's Lutheran church, Leetonia, went to Uniontown, Ohio, Saturday, where he represented the Board of Foreign Missions of the Synod of Ohio presenting the foreign work in two addresses at the morning and evening services Sunday.

In the absence of Rev. Brillhart the pulpit at both morning and evening service at St. Paul's was supplied by Rev. L. H. Larimer, D. D. of Springfield, teacher in the Theological seminary of Wittenburg. Dr. Larimer expressed himself as well pleased to revisit the church where he was ordained to the ministry 25 years ago at a meeting of the East Ohio Synod, when Rev. John H. Sinn was pastor.

Personal Notes
Mrs. John Seutly and son Thomas, are guests of friends in Detroit for two weeks.

Gains 21 Pounds On Tanlac In Exactly Sixty Days

Prominent Youngstown Contractor Declares It Restored Him When "Almost a Walking Skeleton"—Health Fine—Eats Anything.

The wonderful powers of Tanlac are again very forcefully demonstrated. This time in the case of Dan Kees, prominent contractor, residing at 372 Ayers st., Youngstown, Ohio. He says:

"I was down so far my friends scarcely recognized me and I hardly expected to live, but in just two months' time after I started on Tan-

pairs, workmen removing an addition to the house and placing porches instead.

Son Is Born
Mr. and Mrs. Walter Seebaugh announce the birth of a son who has been named Kenneth Grover. Mrs. Seebaugh will be remembered as Miss Edith Grover from south of town.

Mrs. Ida Calvin, Mrs. Kate McDonald, Miss Jessie Mokol and little Charlotte Fenton, all of New Castle, Pa. were guests Saturday at the home of Mr. and Mrs. William Fennemaker, Lisbon st. and Mrs. Lydia Meyer in State st.

Mrs. Sadie McIntosh of Franklin, who has spent a week in the home of her sister and husband, Mr. and Mrs. William W. Long, has returned to her home.

Kelly's Park Flooded
Kelly's park was flooded with water Saturday, the creek overflowing from the heavy fall of rain. The dance which was to have been held had to be postponed, as autoists were unable to drive into the grounds. The loss from the water is heavy as two weeks had been spent in grading and making walks. The grading was washed away and many of the walks destroyed which require another two weeks to replace and regrade.

Mrs. Joseph Butera entertained Mrs. Anthony Julius of Youngstown Monday.

Resumes Her Work
Miss Ada McMillen resumed her work in Salem the last of the week after being off duty a week on account of the critical illness of her father, W. S. McMillen, who is slightly improved.

Mr. and Mrs. Jessie Halverstadt,

who have purchased the McCready home on East Columbia st. will move to town from their farm in the country about June 1.

Alvin Ryan visited in Wellsburg a part of this week.

Mrs. Carl Blattman was the guest of Cleveland friends this week.

High School Paper Due
The third number of the "Blue and White" High school paper is about due. The editor, Regis Lavelle, is working hard to make this the best issue.

Miss Grace Kibler returned to her home west of town after a visit of

three months with her brother in Pennsylvania.

Attendance Nearly Perfect
During the month of April the fifth grade of the South Side and the sixth grade on the North Side have the distinction of having reached an average attendance of 99 per cent.

lae. I picked up twenty-one pounds and felt as well as I had in ten years. For a long time I had to live on milk and eggs, was little more than a walking skeleton and had a persistent cough that was pulling me to pieces.

Well, Tanlac would be cheap at five dollars a bottle. I can eat any old thing now without trouble afterwards, and if I'm short a hand, I can pick it in and do a day's work with any of my men and never feel the worse for it. I can recommend Tanlac to the limit."

CRABBE TAKES UP TAFT TAX ACT

Will Decide Whether It Is Sub-
ject to Referendum.

TAX COMMISSION ASKS RULING

State Examiners Report Illegal Pay-
ments in West Park Village School
District and at Silver Lake, Sum-
mit County — Warning Issued
Against Fires in State Preserves.
Bryan Farm to Be Game Haven.

Columbus, May 16.—Whether or not
the Taft taxation act is submitted to
a referendum depends upon an opin-
ion to be rendered by Attorney Gen-
eral Crabbe, at the request of the
state tax commission. Crabbe has
been asked by the commission to
make a ruling as to whether the Taft
act became effective as a law when
it was filed with the secretary of
state, after being enacted by the leg-
islature over Governor Donahey's
veto.

Should the act be subject to refer-
endum, its operation this year will be
made impossible, even if the voters
approve the measure, according to
the state tax commission, which is
working on the forms that will have
to be used in the various counties to
put the new law into effect.

The executive committee of the
state organization of real estate
boards, who opposed the Taft bill,
will meet here May 21 to decide
whether they will conduct a cam-
paign for a referendum on the mea-
sure. The state constitution provides
that measures "providing for tax
levies" are not subject to referendum
and become laws as soon as they are
filed with the secretary of state.

Representative Taft, author of the
measure, says this provision is broad
enough to prevent its being passed
upon by the voters, on the ground the
bill provides for the levying of 17
mills in cities and municipalities and
14 mills in rural districts. In case
this feature of this bill does not pro-
tect it, it is pointed out it actually
provides for levying taxes, as it pro-
vides for a tax of 2.65 mills in all
school districts for school purposes.

State Examiner H. D. Defenbacher
in a report on the office of Mayor Wil-
liam R. Lodge, Silver Lake, Summit
county, filed with State Auditor J. T.
Tracy, scores "over-zealous" mayors
who ignore other statutes in the Ohio
code in order to enforce the Crabbe
act against prohibition law violators.
The audit of finances of the Silver
Lake mayor's court, shows alleged
illegal payments made by him to at-
taches of his "dry court" which, ac-
cording to the report, was sustained
by Crabbe act violators from Akron,
"more than six miles away." In ad-
dition to these, there was sharp criti-
cism of the way the mayor handled
collections from his court.

Defenbacher's report says the may-
or deposited his court collections in
his personal account with the Falls
Banking & Trust company of Cuya-
hoga Falls, and issued personal and
official checks out of this. Lodge's
account is \$50 short of the amount
required to meet his court obligations,
the audit charges.

In addition to these criticisms,
Defenbacher cited alleged illegal pay-
ments made by the mayor to deputy
marshals amounting to \$12,537. These
marshals, he says, used their own
autos for court transportations in
many instances and early in the
period covered charged from \$5 to
\$8 for each trip. Later on the
charges soared near \$20, he reports.
There is no legal authority for this,
the examiner states. Furthermore,
Defenbacher reports, the mayor em-
ployed an attorney to prosecute cases
in his court at \$15 for each convic-
tion. As a result of this, a finding of
\$4,910 is made against Attorney Merle
E. Rudy.

Notwithstanding this "special coun-
sel" and the expense for his services,
the examiner reports that about 65
per cent of fines assessed were sus-
pended and of the remaining 35 per
cent only about one-half was collect-
ed. During one year, \$338,856 was as-
sessed in fines and costs while col-
lections for this period were \$59,338
and \$217,929 was suspended, accord-
ing to the audit.

A. C. Baxter, chief of the fish and
game division, warns fishermen
against carelessly building and leav-
ing fires which might result in under-
brush or forest fires. Anyone causing
a destructive fire on state-owned prop-
erty can be prosecuted under the for-
estry laws, Baxter says, and his de-
partment will investigate each case
with prosecution in view.

Baxter says a number of artificial
lakes are being constructed on the
state 15,000-acre game reserve in Sci-
oto county. These lakes will become
ideal camping sites. They will be
stocked with game fish and will com-
prise the only fishing grounds in the
state free of carp, it is believed.
Within five years it is hoped this re-
serve will be one of the best in the
country. By stocking virgin waters,
the fish and game division will be
able to have a direct check on the
propagation of different kinds of fish.
Keepers of the Roosevelt or Scioto

only reserve have run across 14
wild turkey nests and many pheasant
nests. Twenty-four young deer are
expected on the reserve this season.
Twelve doe are now with fawn. Each
will bear two. The recent cold spell
has not affected fishing in Ohio, Max-
ter reports. The rain and snowfall
were not sufficient to cloud the
streams for any length of time.

The Bryan farm, recently accepted
by the state through an act of the
general assembly, is to be used as a
public park, supplementing the Woo-
ster agricultural experiment station,
and as a fish and game haven. It
embraces some 500 acres in forest
and meadow lands in Greene county,
just southeast of Yellow Springs, and
situated on the Miami river. The
acreage is mingled woodlands,
meadows, rocks, hills and dales. It
boasts of many beautiful rivulets and
cascades. The rocky parts of the
farm have proven rich in formations
valuable for geological research.

On this farm is located the famous
Bryan barn. It is 206 feet long, 120
feet wide and 75 feet high. An "L"
has been added recently which is
larger than most barns.

In addition to the Bryan home, mod-
ern in all respects, the property con-
tains many quaint summer cottages
which housed the friends of the late
sage who visited him.

A report covering the period from
Sept. 1, 1920, to Jan. 1, 1923, in the
affairs of the West Park village school
district, which became a part of the
city of Cleveland the first of the cur-
rent year, has been filed by State
examiner Rosabel Long. The report
declares illegal payments were made
to Rev. F. E. Gravener and Carl D.
Baum by the board of education,
amounting to a total of \$7,985.05, for
services as deputies in locating and
purchasing sites for new school build-
ings, there being no law authorizing
the appointment of deputies to the
board.

Increases in salaries of the super-
intendent and clerk of the board are
also held illegal and findings are made
as follows: Superintendent F. E.
Reynolds, \$533.36. Findings of \$353.33
and \$78.75 are made against the
Lorain State Savings & Trust com-
pany, for "excess interest" and "dis-
bursements," respectively.

Fifty deputies attended the annual
conference of the field deputies' de-
partment of the workmen's compensa-
tion department, at the Southern
hotel here. Four sessions were held,
with attention at the first session be-
ing given over to "Branch Office
Management" and queries regarding
claims of different natures. The
auditing of payroll reports was dis-
cussed at the second meeting by
Walter J. Redhill of Cincinnati. At
the third meeting, S. B. Danner of
Zanesville discussed "The Investiga-
tion of Claims," which was followed
by a question box covering the book
of rules and regulations governing
claims. The closing session was given
over to rating inspections, this sub-
ject being discussed by D. O. Seaman
of Springfield. The aim of the confer-
ence was to school the employees in
the different problems that arise in
industrial relations in the state.

Cleveland would entertain one or
both of the big political national
conventions in 1924. Prominent Ohio
members of both the Republican and
Democratic parties are working ac-
tively to this end. The lake city has
an auditorium that it considers big
enough, and with sufficient hotel
space to handle such a gathering. Its
new public hall has been declared one
of the finest and best equipped audi-
toriums in the country. Mayor Fred
Kohler has offered the use of the
auditorium to both parties free of all
cost.

Situated in the heart of the down
town section, the new public hall is
a part of Cleveland's famous Mall
plan of buildings. It occupies an
entire block. The main floor, on the
street level, unobstructed by a single
column, is 300 feet long and 215 feet
wide. The glass ceiling is 90 feet
from the floor. Comfortable seating
facilities can be arranged for 13,000
persons when main floor, stage and
expansive balconies are used. The
stage measures 60 by 104 feet, has
an opening 73 feet wide and is sur-
mounted by an arch 42 feet high. The
acoustics of the main room, tested
repeatedly, have been declared per-
fect. Every person in the hall is able
to hear every word of a speech, wheth-
er it be made from the stage or the
floor.

Newton D. Baker, secretary of war
during the Wilson administration and
president of the Cleveland chamber
of commerce, has written Cordell
Hull, chairman of the Democratic
national committee that as soon as
the committee is ready to consider
the city in which the nominating con-
vention is to be held, he will send
a formal invitation from Cleveland.

Judge Florence Allen of the Ohio
supreme court, an ardent advocate of
world peace, suggested in a recent
speech three vital steps she held nec-
essary to bring about international
concord: First, that war must be
outlawed and declared a crime under
the law of nations, and that its use
as a means of settlement of disputes
be abolished; second, that a con-
ference of civilized nations be held
for the creation and codification of
international law on the basis of
equity and right, and third, that a
court be established with jurisdiction
over all purely international disputes
as defined by the international code.

The Importance of Good Telephone Habits

If there is any one thing that reflects the spirit
of an organization more than another, it is
the service one gets over the telephone.

Your telephone habits determine the bene-
fits you receive from the service to a greater
extent than perhaps you realize.

When you crowd your words; when you let
your voice fade toward the end of a sentence;
when you hold the instrument too far from
your lips; when you call a person and then
make him wait until you are ready to talk —
you do not get the results you secure by the
practice of good telephone habits. You make a
less favorable impression; you lose good will;
and sometimes actual business.

Being a cooperative product, telephone ser-
vice is at its best only when every person who
has anything to with making and using a con-
nection does that part properly.

Every telephone call should be regarded in
the same light that one regards a caller at the
office or home in person.

The proper use of the telephone by everyone
will make the service of greater value to all.

S.S.S. keeps away Pimples

You will be compelled to admit that the results of S.S.S. are really amazing!

Did you ever know how big cities make the hydrant water fit for you to drink? That's what S. S. S. does to the blood in your own blood-pipes. It

Increase your Red Blood Cells. That's the sure way! S. S. S. builds Blood Cells; this means strength!

makes it fit to circulate. S. S. S. is acknowledged to be one of the most powerful, rapid and effective blood-purifiers known. You don't have to use some new fad treatment that is mere guesswork, you don't have to smear things on your face in a vain effort to get rid of eruptions. Eruptions come from blood impurities and a lack of rich blood-cells. This is why S. S. S. routes out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, tetter, rash. That's why S. S. S. has done such wonderful work in freeing thousands from the scourge of rheumatism. S. S. S. is also a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, pink, plump cheeks, bright eyes, and "pop." S. S. S. is sold at all good drug stores. The large size is more economical.

Why They're Using Joint-Ease

(For) SORE FEET

Just because it is now known that painful, sore, aching, swollen feet are caused by the many joints in the foot and Joint-Ease soaks right in and gets to the seat of the trouble—the cartilage and ligaments of the joints.

And to think that for generations we have been powdering and soaking our feet, thinking the trouble was only skin deep—an old-fashioned idea!

Well, better late than never—just stop the powdering and medical bathing and other foolishness for three days and just rub on Joint-Ease. And remember when stainless Joint-Ease goes in foot agony goes out—quick—60 cents a tube. The J. H. Lease Drug Co., Floding's drug store and Bolger & French can supply you

Mary Pickford At State

Mary Pickford in "Tess of the Storm Country," an appealing film story, is appearing at the State theater the first three nights this week.

PLAN RECEPTION FOR BOYS OF '61

An interesting program of entertainment has been prepared for the reception to be tendered members of Troscott post No. 19, G. A. R., Wednesday evening by Allen Reynolds post of Veterans of Foreign Wars.

The aged Civil war veterans will be taken into honorary membership in the Allen Reynolds post during a short business session when two candidates will be obligated into membership also.

Post Commander Ernest Schmidt will be toastmaster at the banquet which will be the opening feature of the evening. He will call upon individual members of the G. A. R. for brief talks. Other events of the program include musical selections by J. William Wilson, Salem baritone, vocal numbers by the Knights of Pythias quartet and clog dancing numbers.

The aged veterans will be transported to the meeting and back to their homes in machines furnished by the Allen Reynolds post, S. M.

Reynolds of Damascus, father of the soldier for whom the post is named, will be a guest of honor.

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Salem woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Salem woman's experience:

Mrs. J. Dobson, 16 West Dry st., says: "Some years ago I had sharp pains in my back that nearly put me off my feet. It was more than I could manage to do my housework and at every twist or turn, a sharp twinge stabbed through my back that was terrible. I often got dizzy and had to stop for awhile and rest. I was tired and nervous. My kidneys were weak and when I saw Doan's Kidney Pills advertised, I got some. They helped me almost from the first and after I took two boxes, my kidneys were put in condition and the other troubles left."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Dobson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

GEORGETOWN

Jesse Shaffer went to Chicago Thursday night where he met his mother, Mrs. Effie Shaffer, who was enroute from Long Beach, Calif., where she spent the winter. He then accompanied her to the home of her daughter, Mrs. Scott Kallenbaugh of Canton.

The Township school picnic is to be held in this village Saturday.

Earl Ritchie is visiting his sister, Mrs. John Wilkison of Washingtonville.

Mr. and Mrs. Dave Hahn, Misses Lessie and Pearl Hahn, Cloyd Hahn, Mr. and Mrs. Earl Hahn and baby and Mr. and Mrs. Crist Niederhiser were guests of Mr. and Mrs. John Niederhiser on Sunday, the gathering being in honor of John's birthday.

Mrs. Elizabeth Somers of Alliance has been the guest of her nephews, Peter and Walter Berger.

Owing to the inclement weather last Wednesday evening, Hill View grange did not have a meeting, and the lecture hour program has been carried over until the next meeting which will be Wednesday evening May 23.

Mrs. E. G. Saffell enjoyed a Mothers' day party at her home on Sunday when her children spent the day with her. The guests included Mr. and Mrs. Byron Saffell and son John of Homeworth; Mr. and Mrs. Frank Saffell and son Dean and Miss Olive Summer.

Mrs. Thomas Shively, who has been ill is much improved.

Miss Mildred Stoffer is the guest of Mr. and Mrs. Harry Stoffer of Millville.

Christ Kiesen has installed a radio outfit in his store, which is a source of entertainment to all who care to listen.

Rev. H. N. Thompson, pastor of the Lutheran church, has started a class in the study of the catechism and Bible for the children of the congregation. Sessions are held at the church from 9 to 11 o'clock a. m. each Tuesday and Friday.

Mrs. E. G. Saffell, a bedridden invalid who derives much pleasure from her radio outfit, decided it would be equally pleasant for Chester Stoffer of Westville, who is also a bedridden invalid. Chester is one of our former boys, and when Mrs. Saffell started a fund for a radio outfit for him, his many friends here, at Reading and Westville were glad to contribute toward the fund and he is now enjoying his radio outfit which was installed last week. Mrs. Saffell received a letter from him thanking her and all who contributed for their kindness.
